

The Vennell-a Scoop

Surprise, Surprise, Surprise!

puts a smile on all our faces each and every day! In a house full of girls there are a few battles that dad is willing to fight and one of them is to guard Carson from all of the dress-up gowns and the play

You are meeting Carson Tyler Vennell who was born March 16, 2007. He is just as he appears, a very happy baby who seems to fit into the house full of girls quite well. As a matter of fact, I think he is starting to train them to pick him up any-time he starts to cry or wants to fuss in any way! Mr. Carson has brought so much joy into an already busy household and

make-up. Another thing for sure

that is he won't have to deal with the hand-me-downs coming from his older sisters. I have to admit the little baseball/pilot outfits are a far cry from the Barbie ones that have been so common for so long! Thank you so much for praying for a safe delivery. We pray he grows up to love the Lord and desires to please Him in all he does.

Another Extreme Makeover—Africa Edition

No real way to put into words our thanks to this team of 12 from Mountain View Baptist Church in Spearfish, SD. This group, led by Tonya's parents, came out for 10 days and TRANSFORMED our kitchen, as you can see. Now more than ever there is always room at the table for one more and plenty of food to go around!

The Makeover Team

Before

After

Mission Aviation Fellowship

For the first time in the 27 years of the Lesotho program’s existence, all 5 airplanes flew each day for 3 days in a row last month. Not only did they each fly, but we had to shuttle 50 people into this airstrip for a celebration. The medical, physical, and spiritual needs of Lesotho have become somewhat overwhelming recently. I hope to focus a letter on some of these needs. Please pray that God would send the resources necessary to carry out this work. We are hoping to raise enough money to be able to add 2 more planes and a hangar to help meet these needs.

This team of 11 came all the way to Southern Africa to help put on our annual MAF family conference. We want to thank the members of Central Baptist Church in Round Rock, TX, for sending them here to minister to all the MAFs in Southern Africa. We were truly blessed to have them come!

Christmas in July!

Thought some of you might like to see what we were doing the end of June here in our backyard. There were some happy and others who were just glad it was over.

As we close out this letter we cannot help but look back to the many events that have happened over the last few months and know that there was a wonderful group of supporters that were behind us praying and giving to make this all happen! What a blessing you all are to our family. Thank you so much for loving us the way you do!

In Him and For His Service,

Tim and Tonya
